## Focus on Distributors and Sales Agents

---

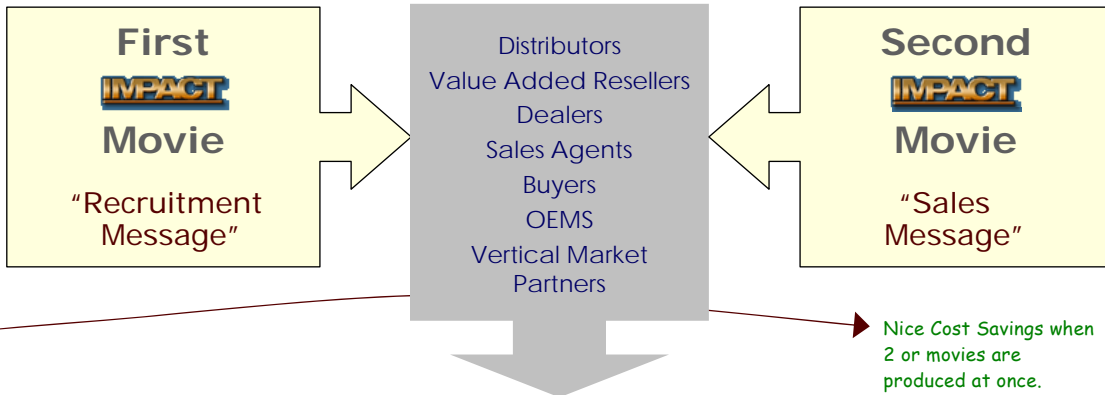

### Develop (or Expand) a Distribution Channel

Create one movie with a message directed towards recruitment.  
Explain to the dealer why they should carry your products or services.

Our clients report that they are able to recruit MORE and BETTER distributors. In addition, since it becomes easier to sell (using their own Impact Movie of course), they are able to negotiate BETTER terms

Then, create ANOTHER Impact Movie to give to your new dealers. For just \$450, we will customize your movie so that all leads are automatically emailed to whichever distributor emailed it out.

**BETTER Distributors – MORE Distributors – Negotiate BETTER TERMS**

Reach more people with your strongest message possible
